
Information About URC's NEW Member Portal

1. Access to the Member Portal will be available by system invitation only. Only members and long-time attenders will be able to access it.
2. You can access the Member Portal on the URC website and on the URC app.
3. The Member Portal allows people to update their own personal information such as address, phone, family details, birthdates, etc. which ensures that our database is always up to date.
4. The online directory gives you the most current information and replaces printed copies that quickly become out-of-date.
5. Profile Pictures transform the directory into a picture directory to help you get to know more church members - putting a name to a face. Please update your picture in the Member Portal for the benefit of the church body.
6. The Member Portal allows members to view their giving history, download their giving statement and check the status of a pledge commitment. *Note: any change to actual online giving information (i.e. credit card information, recurring gifts) can only occur in the Giving Portal with a separate login.*
7. The financial information is only visible to the account holder and the URC accountant. Security protocols are in place to protect the financial information.
8. Ministry Leaders are able to use the Member Portal to access individuals, elder groups, growth groups, class registrations, VBS sign-ups, and so much more.
